Dear Parent

Jai Hind!

In the wake of the viral infections in the city and the change in season, as a school we request the parents not to send their child to school if he/she has any symptoms of **fever, cough, cold, stomach ache, eye flu, rashes etc.** Please send the child only when he/she has fully recovered supported by a doctor's certificate (in case of a viral or long illness).

These viral are highly contagious and we would like to prevent the spread of the same.

The teachers will support the child to cover up the work that is missed due to absence.

The students should apply mosquito repellent and come to school. Each student should carry paper soaps with them.

As a school the health of our children is of prime importance and we seek your support in ensuring the same.

Warm Regards

Principal
